Explorica, State Department, CDC

- Matthew and Jason don't decide when it is safe to travel ... we have a network of experts.
- We will re-evaluate every trip IF something arises in that area, region, etc.
- Seen it before...Japan and Tsunami, China and North Korea issues, France and train strikes, Turkey and security issues, Covid 19 pandemic.

More Covid "What if" possibilities shared later in this PowerPoint

## We're back ③ How has Covid changed our trips?

### Travel in the age of Covid

#### Flexibility and adaptability are KEY for all international travel

- Vaccinations (boosters too) are required prior to travel
- Showing of your Vaccine card will occur daily
- Negative Covid tests pre, during, and post-tour are MAYBE required
- Masks, spacing, and traveling/rooming in pods are required
- > Passports are taking longer to get .... GET THEM BY DEC 2022
- > Note: ALL OF THESE MAY CHANGE BEFORE WE TRAVEL ... so be FLEXIBLE

These hurdles are coming, we need to embrace:

- > "Hurry up and wait" We will have very busy and very slow times ... Be ready
- "Rolling with the punches" When you are tired, stressed, and annoyed, you need to still be a GREAT teammate!
- "We are in this together! We are a travel family!
   Each part/choice/action that a person makes will impact everyone."
- Remember we are lucky to travel ... Be ready for anything

### **Traveler Roles and Expectations**

## Educational Group travel Reminders

- Flexibility: Each part/choice/action impacts everyone
  - Patience : This trip will only work if everyone thinks "We" not "Me" mentality
- Cooperation: We are in this together- We are travel family
- Following the lead of your Tour Leaders:

# Adaptations for Safety

#### Hygiene

Participants will be provided disposable face masks. Hand sanitizer will be available throughout the program, including on buses and at hotels. Students will be asked a series of questions daily to monitor for COVID-19 symptoms.

#### **Adjusted Itineraries**

We're in-the-know with all the museums, performance venues, companies and other sites we visit. We will adjust your schedule to maximize your experiences each day to account for new rules for capacity management, social distancing, masks, and more.

#### Safety Briefing

All Explorica staff participate in a mandatory COVID-19 training program developed by our Health & Safety Team in consultation with our Medical Director <u>Dr. Neal Sikka</u>. Our staff will assist your group with pre-departure safety briefings for the family as well as a safety briefing upon arrival.

#### **On The Motor Coach**

Our motor coach partners have implemented enhanced cleaning and safety protocols. Buses will be disinfected using a variety of techniques, including electrostatic and anti-microbial sprayers, foggers, and steamers. All high-touch surfaces will be wiped down multiple times a day. Air filtration system improvements promote frequent exchange of cabin air, replacing it with fresh air from the outside. We have established seating, loading and unloading procedures designed to limit exposure to other students.

#### At The Hotel

We work only with hotel partners who are committed to the highest standards in cleanliness. In addition to their already rigorous cleaning protocols, they are now using enhanced cleaning products and increasing the frequency of cleaning in public spaces. Housekeeping spends extra time disinfecting surfaces in guest rooms, focusing on high contact areas. The check-in process has also been modified to limit interaction between students and other guests. Changes have been made to hotel arrival and departure procedures, use of lobby and elevators, and breakfast and other hotel-based activities to promote social distancing. Additionally, we have developed flexible options to support the rooming preferences of individual travelers. For example, if your program pricing is based on quad occupancy, we will offer discounted room upgrades for students who prefer double occupancy.

#### Meals

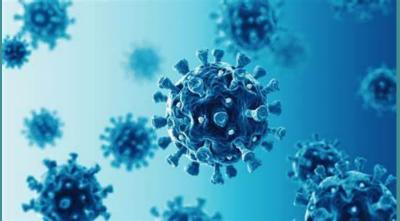

Group meals will be prepared by professionals who adhere to proper food safety and handling protocols, including mask wearing and frequent hand washing. We work closely with each meal vendor to determine the appropriate meal type and group seating configuration, secure outdoor dining where possible, and limit contact with other patrons. Individually packaged food items, grab and go, and plated and served meals may replace traditional selfserve buffet options.

## FAQ's

What happens if someone gets covid BEFORE the trip?

- First, before we leave avoid large crowds and unvaccinated people ... do all you can to keep Covid free
- If, however, you do test positive before the trip you will NOT be allowed to join the group and you will need to file an insurance claim to get your money back

## Other FAQ's on Covid

What if our countries cannot be accessed?
 This MAY lead to a change in itinerary

Other potential tweaks to be prepared for?
 If flights are limited our travel date might tweak a bit

> What if...

We know there a lots of these ... we are willing to make this trip work if it can be done safely.

- HOLIDAY LETTER <sup>©</sup>

As you may already be aware I'm headed to [country/jes] in June of [tour year] as part of an educational overseas tour!! The trip is being organized in collaboration with an internationally renowned program called *Explorica* tours whose motto is "Travel. Learn" In order to earn my way overseas I have already begun both group and individual fundraising efforts such as [various ways you are fundraising—i.e., weekend carwashes, neighborhood yard work, etc.] and have set myself a personal goal of raising [\_\_\_%] of the trip's total cost. That's where you can help©

This year, rather than giving me a well-chosen holiday present I would ask that you consider making a monetary contribution to my [country/jes] travel fund instead. All
